

# ACROLINK

99.99999% Cu Stressfree Power Cable

## 7N-P4030II

*The best seller has evolved...*

### Key features

- The worlds only true 7N conductor supplied by Mitsubishi Cable Industries, LTD
- Vibration control effect by hybrid polyolefin inner sleeve.
- Brass tape between inner and outer sleeve for shielding.
- EMI absorbing thread and silk thread for EMI and electrostatic eliminating effect

### Cable specifications

<b>Conductor:</b>	7N Cu Stressfree x 2 (0.26ø x 100 strands) 4N Cu Stressfree for ground (0.26ø x 100 strands)
<b>Insulation:</b>	Macromolecule polyolefin
<b>Inner sleeve:</b>	Polyolefin + Tungsten powder + Amorphous powder
<b>Outer sleeve:</b>	Macromolecule polyolefin
<b>Shielding:</b>	Brass tape
<b>Conductor resistance:</b>	2.9mΩ/m
<b>Electrostatic capacity:</b>	13pF/m
<b>Cable diameter:</b>	14.0mm
<b>Length:</b>	30 meter on spool
